

## Target Audience

This program is aimed specially at those personnel who are involved in the switching of high voltage apparatus under the direction of a switching sheet and/or switching coordinator.

## Course Overview

This course provides the basic knowledge and skills required to undertake the local operation of high voltage circuit breaking devices and to perform switching to a switching program. It included interactive presentations, oral delivery and written assessments in a training room environment followed by practical exercises of switching indoor and outdoor type high voltage switchgear. It also provides an introduction and limited training in the preparation of high voltage switching sheets and access permits for basic, non-complex high voltage switching programs.

This course covers:

- Statutory compliance (Acts & Regs, Codes of practice etc)
- Basic high voltage switching principles
- Site specific high voltage switching procedures
- Operation of indoor and outdoor type switchgear
- Prepare non-complex switching sheets and permits

## Units of Competency

UEPOPS349B	Operate local HV Switchgear
UEPOPS456A	Perform switching to a Switching Program

*Please note: Training in the development of high voltage switching sheets for more complex switching operations is provided for in the PTS Stage 2 course that includes Develop H.V. switching programs (UEPOPS428B)*

## Duration:

Approx. 6 hours Online Study + 1 day face to face

## Price

\$1,350.00 GST Not Applicable

## Prerequisites

Nil

## Assessment

Assessments consist of online multiple choice and short answer questions. Face to face training consists of written assessments and practical components delivered and assessed at our purpose built facility. When training is conducted onsite, practical assessments can be completed on accessible apparatus. Alternatively participants can demonstrate evidence and application of knowledge and skill with the provision of your towable purpose built Switching Simulator where access to apparatus is not available.

## Learning Outcomes

On successful completion of this course learners will be awarded a Statement of Attainment in the listed competencies
